

GATHERING OF INDIGENOUS SPIRITUAL ELDERS OF SOUTH AMERICA AND THE ABYA YALA

March 7th -10th, 2019
Cauca Department, Colombia

ABOUT THE GATHERING

The process of unification of spiritual leaders around the world is taking place. In order to take the next step among the Latin American peoples, we propose a four days private gathering, to bring together native intellectuals and Spiritual Elders from Colombia, Mexico, Peru, Ecuador, Brazil, Bolivia, Chile, Costa Rica and Guatemala.

This unique meeting aims to reveal insights about the state and future of Mother Earth, and to share knowledge, ideas and actions through the unification process.

The Gathering of Indigenous Spiritual Elders of South America and the Abya Yala, will be an expression of dialogue and reciprocity to heal Mother Earth for present and for future generations. It promises meaningful discussions, as well as the development of pragmatic action plans.
